Allowable Subject Matter

1. Claims 2-12, 14-21, 29-33, 35-36 allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claim 35, the applicants have presented persuasive argument (page 8 of the applicant's remarks filed on 10/15/2003) that the cited prior art of record fails to disclose the step of flowing an etchant through the channel across the exposed surface from the first edge to the second edge to etch the semiconductor die. The closest cited prior art of Ellerson et al (US 5,252,179) discloses flowing an etchant through the channels 22 which are disposed on all sides/edges of chip/die 11, the etchant solution is directed under chip/die 11 to etch the encapsulating material located between the bottom surface/unexposed surface of chip/die 11 and the top surface of substrate 10 (col 3, lines 30-35; fig. 3). The reasons for allowance of claims 29, 36 have been stated in the previous office action (paper no. 10)

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
